

## **Search Associates Hong Kong-January Recruitment Fair 16 - 18 January 2009 General Information**

This first Hong Kong-January Fair is organized by Rob Graham following on from his success with the Sydney Fair. The Hong Kong Fair will aim to develop a more intimate sense of 'family' and connectivity than the larger Fairs. To this end the number of schools attending the Fair will be capped at around 35 of the very best institutions invited from the region and is expected to attract a substantial number of candidates.

The Hong Kong Fair, which is fully supported by the Association of Chinese and Mongolian International Schools, is the first of its kind run by Search Associates in that it will specialize in vacancies in one particular region: China-Hong Kong. The fair is, therefore, designed for top teachers from around the world who are looking for positions in highly regarded international schools in this region. Moreover, since most of the institutions attending the Fair will be IB schools and Search Hong Kong will be sourcing candidates with relevant experience in IB programmes.

**All** candidates who are interested in attending the Hong Kong -January 2009 Recruitment Fair should read the Candidate-specific Hong Kong-Jan 2009 Fair information.

An early request to your sponsoring associate for a candidate place is important - best during September or October. Candidates will only be invited to attend the Hong Kong-January Fair if we consider that they match the needs of the recruiters who will be at the fair and stand a real chance of being hired. About 50 - 60% of the fair attendees are expected to be offered contracts.

All candidates need to be free to attend the candidate orientation on Friday evening, 16th January 2009, and also on the following 2 days for meetings and interviews. Candidates should arrange travel to enable arrival early on Friday 16th January 2009 and departure not before the evening of Sunday 16th January, 2009.
